Questions to ask Fertility Clinics

SUCCESS RATES

PROVEN SUCCESS RATES

Our proven success rates ensure you have the best chance of achieving your dream of having a baby.

What is the clinic's success rate?

WAITING TIME

SHORT WAITING PERIOD

New fertility patients are guaranteed an appointment with a specialist within 10 working days with the first available specialist.

When can I get an appointment?

SPECIALISTS

YOUR SPECIALIST – NOT A HEALTHCARE PROFESSIONAL – WILL MANAGE YOUR TREATMENT EVERY STEP OF THE WAY

This will provide you with continuity of care and the best possible chance to solve your fertility issue.

Will my treatment be managed by the specialist or by a healthcare professional?

Will I see the same specialist during my treatment?

IVF TREATMENT

CUSTOMISED IVF CYCLES

We will tailor your IVF cycle to get the best outcome.

TRUST AND REASSURANCE

At embryo transfer you will see your embryo prior to your transfer.

Will the specialist customise my treatment to ensure I get the best outcome?

Can I see my embryo prior to my embryo transfer?

SERVICE

WE GENUINELY CARE

We give our patients a personalised and caring approach with highly qualified specialists, understanding staff, and the world's most advanced technologies.

COMMUNICATION WITH SCIENTISTS

We maintain an open access policy to our laboratories and laboratory staff to discuss and provide more information about the techniques and options used during your IVF cycle.

If I have questions after seeing my specialist, can I easily access the nursing and scientific team to discuss aspects of my treatment?

Can I have access to the clinic's lab and staff to get further information about my treatment?

Can I visit my embryos in the lab?

CONVENIENT LOCATIONS

CONVENIENT LOCATIONS

Our specialists have a number of private consulting suites located in convenient locations.

Convenient parking available at all locations.

Where is the clinic located?

REGISTRATION FEE

WE DO NOT CHARGE AN INITIAL REGISTRATION FEE FOR STANDARD IVF SERVICES

Does the clinic charge a registration fee?

PRIVATE HEALTH INSURANCE

PRIVATE HEALTH INSURANCE IS NOT REQUIRED TO ACCESS FERTILITY TREATMENT AT CITY FERTILITY CENTRE

Do I need to have Private Health Insurance to access fertility treatment?

Something to think about

- **How would you feel** about having to deal with a different person every time, and not being able to build a relationship with your treating doctor?
- **Do you feel involved** in the decision making process of your fertility treatment?
- **How would you feel** if you couldn't talk face to face with scientific staff about your IVF cycle and embryo development?

If you have any questions or need someone to talk to, we are here for you.
